

TRACING/MASKING FILM

Clear Tracing/Masking Film

For drawing, lettering, stencils & templates and masking off adjacent areas.

Product Performance Benefits

- ◆ Clear, transparent, self-adhering film – easy to see through
- ◆ Light, tacky adhesive - no adhesive transfer
- ◆ Can draw, sketch and letter directly on film
- ◆ Repositionable for exact masking
- ◆ Solvent resistant
- ◆ Non-static
- ◆ Cuts easily

**Eliminates
blindly tracing
& sketching**

Draw, sketch and letter directly on film using ball point pen, permanent marker or grease pencil.

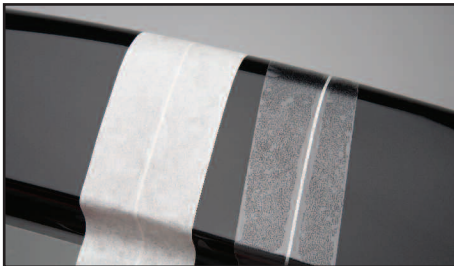

**Stretchable film
contours to multi-
radius surfaces!**

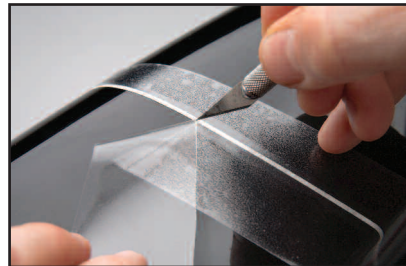

2" width #277 6" width #275 12" width #271 18" width #272

Seeing the background surface under the film improves the accuracy of laying down drawing lines and cutting out the sharper details of design.

The transparent workability of the Tracing Film compared to the opacity of tracing paper. (Fine line tape is under paper and film.)

Transparent film improves the accuracy of cutting out sharper details (i.e., cutting the film along the edge of the fine line tape.)

2" width is ideal for overlapping tight and multi-radius contours

2" width tape masking parabolic curve on sport racing helmet.

Ideal for:

- Custom Paint and Graphics • Automotive Art
- Street Rods • Motorcycle Art • Truck Lettering
- Sport Helmets • Sign Lettering • Air Brushing
